## Transcript (written version of the audio track)

1. *How many students were at the school ?*

Over 1500 people were in the school.

2. *Do they really eat so much fast food there?*

Yes, in every corner you can find a fast food restaurant.

3. *Do you have to pay tip?*

It's a form of kindness. If you don't give tips to them they won't be kind.

4. *Can really all people have a weapon there?*

You just can buy weapons there when you have made a licence. They can see if you are possible to take the weapon. If you have a psychological background you won't get a weapon there. With 18 you can get some big guns, with 21 you can get some handguns.

5. *Was the school better than ours? And Why?*

No, it wasn't better because every student is in one school so the level is lower than in Germany. The school system is not so good like ours. The building in Macmiller was older and really big, going around is not so easy because you must know where you are and you can get lost very fast.

6. *What was your favourite freetime activity there?*

To play Playstation and watch American Football Games.

7. *Would you go to the US again?*

Yes, because it is a really nice country. It's nice to see the people and culture there.

8. *How does the exchange work and did you think it was a good experience for you?*

You get an exchange partner then you will write text messages with your partner and you get to know him at the Airport. Maybe you make sightseeing. After sightseeing you go to your exchange partner in his town. After that we go to the each day life there. After our visit they came to Germany and they live with us. After that they go one week to Dresden and Berlin for sightseeing.
